

Custom Die Struck Hard Enamel Pins (1")

- A top quality pin struck out of brass base material. Hard enamel paste is hand filled, baked, ground flat then and polished to make a smooth and very scratch resistant surface. Its our top quality process. This is a very similar look to old fashioned cloisonné.
- Standard pin includes 4 hard enamel colors and a butterfly clutch.
- Metal colors: gold, nickel, brass, copper, black nickel, antique nickel, antique gold, antique brass, antique copper.
