Significant changes in FY23 rates:

Health care: 2023 healthcare premiums are estimated at \$1,184 per month per eligible employee compared to \$936 per month per eligible employee for 2022. Year over year change represents a 26.5% increase. This FY23 premium is not yet final and subject to change.

UW Supplemental Retirement Plan (UWSRP): The retiree payments for this plan will not be included in the fringe rate for this fiscal year. The employer contribution will be included and continue as before.

Graduate Appointee Insurance Premium (GAIP): A premium increase of approximately 20% is anticipated.

U-PASS: The employee subsidy is being expanded in FY23 to include the faculty and professional staff.

Variance Explanations:

- (1) Faculty: The 1.4% increase is mainly driven by the higher healthcare premium rate by 1.8% offset slightly by the decrease in UWSRP of (0.4%).
- (2) Medical Residents: The increase is primarily driven by the increase in the healthcare contribution rate by 2.6%.
- (3) Graduate Students: The rate increase is mainly due to GAIP at 2.8% offset by the benefit from prior year over-recovery at (1.6%).
- (4) Classified Staff: The rate increase is due to the healthcare rate at 2.4% plus negative impact of the prior year under-recovery at 1.3%.
- (5) Professional Staff: The 3.2% increase is due to the healthcare rate at 2.8% offset slightly by the decrease in UWSRP at (0.4%).
- (6) Hourly Staff: The rate increase is in the component for PERS retirement at 1.1% plus the increase in the healthcare rate at 0.8%.
- (7) Pre Doctoral Trainees: The rate increase is due to GAIP by 10.2% plus negative impact of the prior year under-recovery 2.1%.
