April Launch Update

19 Faculty and Administrator presentations

8 Online Certification & The Basics sessions

More than 55 users have accessed the system

2% of FECs are Certified
Enterprise Reporting

Report Catalog

Here you may browse, search for, and view information on the reports available in the Enterprise Data Warehouse (EDW).

Finding and Running Reports

- Search for a report using the Browse or Search tabs to the right. TIP: As you make selections in these tabs, the list of reports displayed below changes to match your selection.
- To run a report, you need an account. When you find the report you want to run, click on the blue report name below.
- When prompted to log in, your username is "netid\yournetid", without the quotes and replacing yournetid with your own UW NetID. Then of course enter your NetID password.
- TIP: Internet Explorer provides the best browsing experience as some functionality is not available in other browsers.

26 reports found
