NIH Salary Cap and Rate Proposal Templates Update

From MAA Recharge <recharge@uw.edu>

Date Mon 10/6/2025 11:45 AM

To service-and-recharge-center@u.washington.edu <service-and-recharge-center@u.washington.edu>

Hello Service and Recharge Center Operators,

This communication is in response to the recent updates from the NIH which extends the salary caps on direct salaries to apply to **indirect salaries** as well.

Further, we have updated the rate proposal templates on our website to include a new salary cap worksheet to help you determine allowable salaries on your centers for employees who exceed the cap.

Effective January 1, 2025, the salary cap for awards is set at **\$225,700**. Please keep in mind that this is updated by the NIH on an annual basis and is therefore subject to change.

For more information on the salary cap, including historical salary cap information, click [here](#).

For the NIH announcement of the salary cap's application to indirect salaries, click [here](#).

Regards,

MAA Service and Recharge
