DEAR PCS,
How do I check the open balances on my budgets and request they be closed before fiscal year-end?

DEAR OPEN BALANCES,
Please review the Encumbrances and Open Balance web page on the MyFD website. It provides instructions on how to view the Open Balance report in MyFD. For instructions on how to close the open balance on your Catalog and Non-Catalog purchase orders, see Changing or Closing ARIBA Catalog and Non-Catalog Orders and for BPOs, see Changing or Closing BPOs.
DEAR PCS,
With fiscal year-end approaching, what should I be looking at to make sure my BPO invoices reconcile and pay in the current fiscal year?

DEAR FISCAL YEAR,
Please be sure to run the Receiving Exception Report on a weekly basis to make sure that you are receiving for all pending invoices. Instructions for running the report are on the Tutorial web page. You can also find receiving guides and an eLearning for How to Receive on the same web page. If you have received your invoice and it is still showing on the Exception Report, please email pcshelp@uw.edu, for assistance.
