

Creating a Radioactive Exception Item Catalog Order for Perkin Elmer

BEFORE YOU START - Important Related Information

- **Ensure you are knowledgeable with current Radiation Safety Program Information, described on the Environmental Health & Safety (EH&S) website at:**

<http://www.ehs.washington.edu/rso>

The Radiation Safety Office at the University of Washington issues Authorizations (sub-licenses) for certain uses of radiation. All investigators planning to do research on humans using any type of radiation (x-rays, nuclear medicine, radiation therapy, etc.) must apply for an Authorization to Use Radiation on Human Subjects.

Before you can order, store, or use radioactive materials, you must either make arrangements to work under another researcher's Authorization or call Radiation Safety at 206.543.0463 or e-mail radsaf@u.washington.edu to determine if you meet the requirements to become an Authorized Investigator.

- **Understand how to specify that your item is radioactive material in eProcurement.**

You should use a Radioactive Commodity Code and specify that your item is on the exception item list. eProcurement automatically assigns the Account Code of the 053200 Radioactive Chemicals to the item and it cannot be changed when:

- You answer **Yes** to the question: **Is this item listed on the exception item list?**
- You select a Commodity Code that falls into the Radioactive category. Below is a list of available Commodity Code Choices in eProcurement for Radioactive items:

Radioactive Commodity Code Name	Commodity Code ID
Radioisotope	12142201
Radionuclide	12142203
Radioactive	12142204
Radioactive chemical	12142205
Radiopharmaceutical	12142206
Nuclear	12142208

- **Specifying shipping locations.**

Radioactive materials can only be shipped to specific locations on campus. If you don't already have a shipping location approved by Radiation Safety, please select this address for the **Ship To** field on the **Summary** tab of the request:

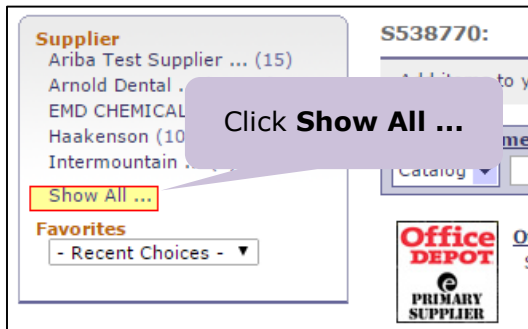

- **Radiation Safety, Health Sciences Bldg., Room T274**
1705 NE Pacific St.
Seattle, WA 98195-4400

NOTE: You can search for this address by typing **Radiation Safety** into the **Name** field and clicking **Search**.

Please continue to the next page for step-by step guidance on how to create an Exception Item Catalog Order for Perkin Elmer

Creating a Radioactive Exception Item Catalog Order for Perkin Elmer

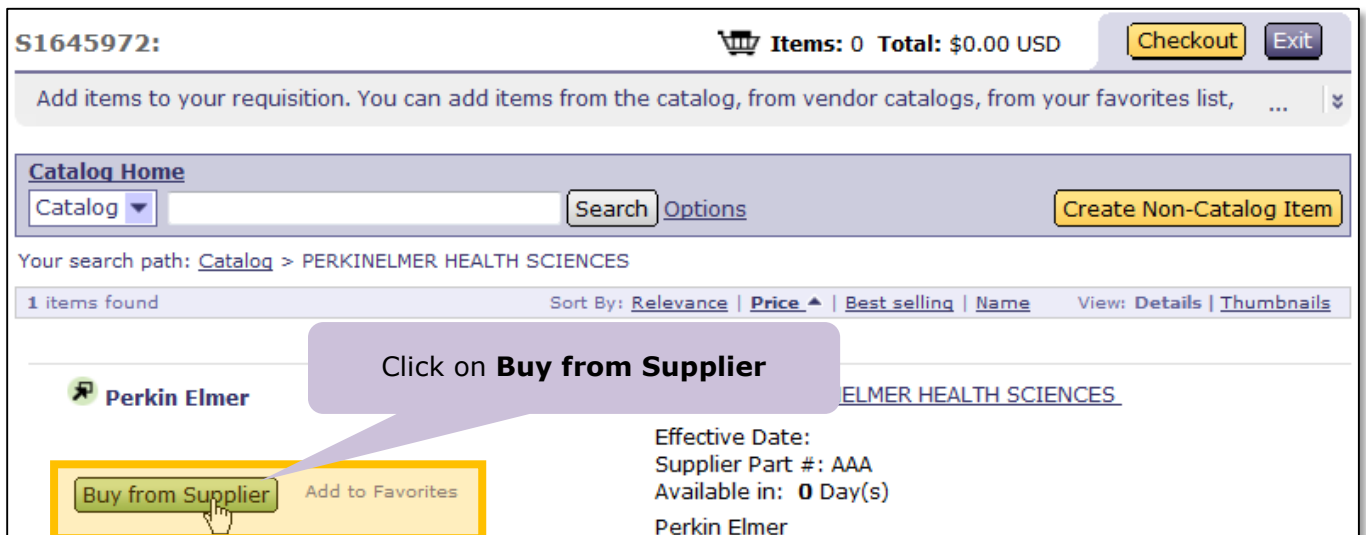

1. Log into eProcurement: <https://ar.admin.washington.edu/AribaBuyer/uw/login.asp>
2. Enter your UW NetID and password.
3. On the **Procurement** tab, click **Create > Requisition**
4. On the left **Supplier** section, click **Show All...**

5. Click **PerkinElmer Health**:

6. Click the green **Buy from Supplier** button:

Creating a Radioactive Exception Item Catalog Order for Perkin Elmer

7. Enter one or more product numbers and quantity for each in the **Shop by Product Number** field. Then click the green **ADD TO CART** button:

(no value) Select

Creating a Radioactive Exception Item Catalog Order for Perkin Elmer

11. The search results will return the Radioactive Exception Item. Click the **Select** button:

Choose Value for Exception Item List

Field: Name

Name ↑	Description	
Radioactive	Radioactive	<input type="button" value="Select"/>
Chemicals/Materials	Chemicals/Materials	
/Equipment	/Equipment	

Click **Select**

12. Selecting the Radioactive Exception type, automatically sets the **Account Code** to RADIOACTIVE CHEMICALS (053200). This cannot be changed when the Exception Item is Radioactive:

Line Items (1)										Show Details		
<input checked="" type="checkbox"/>	No.	Type	Description	Add.Info	Account	Budget:Task:Option:Project	Qty	Unit	Price	Amount		
<input checked="" type="checkbox"/>	1		UTP, [α]- ³² P]-3000Ci/mmol ...		053200	751210:::	1	each	\$378.70 USD	\$378.70 USD	Cost: \$378.70 USD	

|

Note: Setting the **Exception Item to Radioactive** also sets the Account Code to Radioactive (053200)

13. If you have an approved shipping location from Radiation Safety, select it for the **Ship To** field as outlined in the steps that begin on the next page. If not, use the default address that is listed on page 1 of this document.

Creating a Radioactive Exception Item Catalog Order for Perkin Elmer

19. Scroll back to the top of your request, and carefully review all of the information you have entered. Pay special attention to the line item information and verify that the **Budget Number** matches the budget to be charged. If the **Budget Number** is incorrect or not visible, then you must edit the line item to select the correct budget. The screen captures that follow illustrate how to select the correct **Budget Number**:

The screenshot shows a table with the following data:

Line Item	Description	Account	Budget	Quantity	Unit	Price	Total
1	UTP, [α ;- ³² P]-3000Ci/mmol ...	053200	143750	1	each	\$902.00 USD	\$902.00 USD

Callouts in the image:

- Ensure there is a check in the box next to the item. If not, click in the box to select it.
- In this example, you want to use **Budget Number 743460**, instead of the default that is set up in your user profile, **143750**.
- Click **Edit**.

Total Cost: \$902.00 USD
Update Total

20. The **Line Item Details** screen will appear. Scroll down to locate **Budget Number** field:

The screenshot shows the following fields and values:

Market Price:	
No.:	1
Description:	Radioactive Item Example
