**Subject: University of Washington - Contractor Purchasing System Review FY21**

Dear Mr. Hsu,

Enclosed is a copy of the Contractor Purchasing System Review (CPSR) Report for the review conducted at the University of Washington on May 24-28, 2021. Based upon the results of the current review, the University of Washington's purchasing system is considered adequate to protect the Government's interest and is approved through 19 August 2024. Prior recommendations from the previous 2017 CPSR were closed before the start of the current review.

For the current review, the university submitted a corrective action plan (CAP) dated 16 June 2021. It addressed the one recommendation reported to the university. The CAP has been found to be acceptable. Appropriate follow up will be performed to determine adequacy of the CAP's implementation.

Approval of your purchasing system is given pursuant to FAR Subpart 44.3 and applies to all federal government contracts to the extent that cross-servicing arrangements exist. Unless extended by the Administrative Contracting Officer (ACO), system approval shall automatically terminate at the end of the approval period, or when any significant change occurs in the system. Approval may be withdrawn at any time at the discretion of the ACO.

This approval shall not be construed to be a determination of the acceptability of any subcontract price or of the allowability of costs of any subcontract, or to relieve the University of any Contractual Requirement except as noted herein.

This approval may waive some of the consent and advance notification requirements for certain subcontracts per the subcontracting clause (FAR 52.244-2 and Agency supplements).

If you have any questions, please contact me at 206-548-7238 or [ozma.ragan@navy.mil](mailto:ozma.ragan@navy.mil).

Sincerely,

Ozma Ragan  
Administrative Contracting Officer
